"OUR BOYS."

Washington Dramatic Company
Gives a Fine Performance.

Washington has a Dramatic Com-
pany, whose historic tale, "Our Boys,"
individually, are today being most
highly complimented by those who
had the pleasure of witnessing
their production of "Our Boys" last
night.

The Courthouse at that prominent
little place was crowded, not only by
people from that neighborhood but
from surrounding points, many from
here being in attendance.

The affair was managed by Mr. Mar-
tin M. McKnight and from every stand-
point was very much a success.

The entertainment was for the benefit
of the Churches of Washington and a
united effort was made to make it, so-
cially and financially, the event of the
season.

The characters in the play were se-
lected with fine tact, the role in every
instance being assumed by one es-
pecially adapted to that particular part.

The cast of characters was as follows:
Sir Geoffrey Champney, a county
magnate,..... Mr. W. McKnight
The Honorable Mr. W. McKnight
Talbot Champney, his son,..... Mr. Gault
Perkin Middlewick of Devonshire
House, a retired butler man,
..... Mr. W. McKnight
Poddies, Middlewick's Butler,..... Mr. W. McKnight
Charles Middlewick, Mr. Chas. Rhodes
Violet Melrose, an heiress,..... Miss Edith Hunter
Mary Melrose, her poor cousin,..... Miss Edith Hunter
Miss Melrose, her poor cousin,..... Miss Edith Hunter
Clarissa Champney, Sir Geoff's sis-
ter,..... Miss Phoebe Forman
Belinda, a lodging-house lady,..... Miss Edith Hunter
..... Mrs. Elmer Downing

THE QUESTIONS ANSWERED

The First Ward Sidewalk Society
Makes a Little Spiel.

IT'S UP TO THE CITY COUNCIL NOW!

Mr. Editor: A "Citizen" wants to
know of THE LEDGER what has become
of the "First Ward Sidewalk Improve-
ment Society?"

Permit us, in the language of that ac-
complished individual who proclaimed
the merits of his attraction during our
memorable Street Fair, to say that
"She is alive; yes, sir, alive!" though

no one has been found willing to accuse
our City Fathers of being in that par-
ticularly lively state.

Your correspondent also asks what
they are going to do about the pave-
ments anyway? That's just what we
have been two years trying to find out.

WHAT ARE THEY GOING TO DO ABOUT IT?

Our organization has a standing offer
of a liberal reward to be paid anyone
who will induce Council to take favora-
ble action on this question; but up to
date there has been no one willing to
tackle the job. While a few members
seem ready to give us the necessary

legislation, the others can't be hurried
—they weren't born that way.

If a few more of those grumbling
"citizens" would follow our lead, these
gentlemen might have been brought to
a sense of their duty long ago.

Collectively, Council is a "speach" of
the late variety, unaffected by the re-
cent Frost.

The readers of this paper will be pleased to learn
that there is at least one dreaded disease that
science has been able to cure in all its stages and
that is catarrh. Hail's Catarrh Cure is the only
positive cure now known to the medical profes-
sion. Catarrh being a constitutional disease, re-
quires a constitutional treatment. Hail's Cat-
arrh Cure is taken internally, acting directly
upon the blood and mucous surfaces of the system,
thereby destroying the foundation of the disease,
and giving the patient strength by building up the
constitution and assisting nature in doing its work.
The proprietors have so much faith in its curative
powers that they offer One Hundred Dollars for
any case that it fails to cure. Send for list of dis-

Why can't that Prince of good Democrats, Colonel HARMON STITT, give the "suspensers" a rest? Listen to this from his Paris Gazette:

"GUS COULTER has written a letter to Attorney General BRECKINRIDGE advising him to bring suit against Elder JOHN S. SWEENEY, late Auditor, and his bondsmen to recover about \$50,000 alleged to have been paid out by Mr. SWEENEY for military purposes without proper authority. All of the money was said by Mr. SWEENEY upon proper vouchers, but Mr. GUS COULTER says that the vouchers, though properly drawn by designated authorities, should have been turned down by SWEENEY. It looks like both COULTER and BRECKINRIDGE ought to be satisfied with drawing other people's salaries, without worrying the men whose salaries they are drawing by any useless litigation."

The Massachusetts Legislature has undertaken the enactment of a law which shall put it out of the power of Trusts to restrict their customers to the purchase of Trust goods exclusively. A bill aimed directly at the American and Continental Tobacco Companies was passed to its third reading in the lower house on April 17th by the overwhelming vote of 174 to 8. There can be no valid reason urged against the passage of such a measure, not only in Massachusetts but in every other state. Jobbers should be privileged to buy their supplies from whom they choose; but it's a safe bet that they'll always buy from the manufacturer who sells at the lowest price. Their dislike to the Trust will never induce them to pay an individual manufacturer 1/2 of a cent per pound more than the Tobacco Trust asks. The same applies to the consumer, who will fall over his neighbor in his rush to buy a Trust-made article if he can get it a cent cheaper than he can from an anti-Trust manufacturer. After all, the clamor for "cheap" things is the evil of the hour, for cheapness is always at the expense of excellence, whether applied to labor, material, machinery, merchandise, food or raiment.

BIG BRICK YARD.

Dover Has Closed the Contract for Establishing One There.

According to The Dover News this is the first time that place has added another industry to the town. Messrs. R. A. Masterson of Manchester and George M. Clinger of Mayville have for some months been looking for a location to erect a big brick making establishment. Dover parties have been in correspondence with them and Mr. Masterson has made several trips there.

They proposed to put the plant in Dover if the town would donate from seven to ten acres of ground for that purpose, put in a water well for them and give them a site well for them, and to defray expenses of running a short switch from the C. and O. Road to the yard.

This proposition met with the approval of a large number of the taxpayers and voters. In fact only two voters refused to sign a notice agreeing to an increase in the tax rate, which is now only 10 cents on the \$100. Messrs. Masterson and Clinger met the members of the Council Tuesday evening and a contract to that effect was closed.

They agree to operate the factory for a term of ten years or more.

They will situate a strip of ground just west of the Canning Factory, where the C. and O. runs on one side and the river on the other, giving excellent shipping facilities.

Messrs. Masterson and Clinger will at once put in the latest improved steam machinery with a capacity of 15,000 bricks per week, requiring an immediate investment of about \$100,000. It will require a 75-horsepower engine to operate the machinery.

Mr. Clinger will probably move his family there in a short time and devote all of his time to the business of this brick yard. Mr. Masterson will also be there but will not remove his family at present.

GARRY HERRMANN. The Well Known Race Horse Will Not Start in the Kentucky Derby at Louisville.

Louisville, Ky., April 27.—Garry Hermann will not start in the Kentucky Derby, to be run Monday at Churchill Downs, and Alard Seckel, John W. Schorr's Hindoo-Cherry horse, will, without a doubt, be the favorite. The positive announcement that Garry Hermann would not start was made Thursday night by Bob Tucker, who trains the colt for Capt. S. S. Brown. In a signed statement Mr. Tucker gave as his reasons for not starting the son of Imp. Enher-Silk (Gunn) that the weather at Churchill Downs had been so bad that he was absolutely unable to get the horse in proper shape. Herrmann will be prepared for the Kentucky Derby, to be run at Chicago in June.
